Me...

Me...

Me...

When pediatric cardiologists receive the preliminary program

**When everyone ask me when I will have completed the final program**

When Fanny asks me for the thousandth time if I completed the program

*I'm a little busy  
at the moment!*

DES TUEURS AUX VISAGES D'ANGE

When I communicate to speakers what we would expect from them

**Ces personnes apparemment irréprochables peuvent dissimuler, aux tréfonds de leur âme, les desseins les plus noirs.**

IMPOSSIBLES

**When faculty members did not finish their talk on the Wednesday evening**

I must confess that we did not  
always respect parity

**Too many girls. Too many opinions.**

Some never attended. We do not give them a damn

Bah moi ce que je peux vous dire c'est  
que nous on en a plus ou moins rien à péter

**Attendees have always been enthusiastic**

For 40 years all talks were fascinating

I just realized I can sleep with my eyes open.

**A fantastic meeting to meet old friends**

*I smile but I actually hate all of those people.*

**Snails and men**

**Génome à vendre**

**The foetus in holy books**

**Fractales**

**Maestro**

# Our fear : break out of a faculty member

**The feedback that we do not expect**

**It's 90% bullshit**

**Our common expectation for Friday evening**

**1978-2001**

**JK-DS**

**2001-2019**

**DS-DB**

**2019-...**

**Who will kiss me ?**
