Right Face: On count one, at the command “**FACE,**” raise your left heel and right toe slightly. Turn to the right on your right heel and left toe. Keep your left leg straight but not stiff. On count two, place the left foot smartly beside the right and stand at attention. Left face is executed vice versa.

Your wrist, hand and forearm should be straight, a continuation of the line made by your arm. At the same time, if not in ranks, turn your head and eyes toward the person or colors you are saluting.

Properly fold the National Ensign

Step 1

To properly fold the flag, begin by holding it waist-high with another person so that its surface is parallel to the ground.

Step 2

Fold the lower half of the stripe section lengthwise over the field of stars, holding the bottom and top edges securely.

Step 3

Fold the flag **again** lengthwise with the blue field on the **outside**

Step 4

Make a triangular fold by bringing the striped corner of the folded edge to meet the open (top) edge of the flag.

Step 5

Turn the outer (end) point inward, parallel to the open edge, to form a second triangle.

Step 6

The triangular folding is continued until the entire length of the flag is folded in this manner.

Step 7

When the flag is completely folded, only a triangular blue field of stars should be visible.
