## Post-PA Day Experience Feedback

Thank you for filling out an additional feedback form about your camper's experience at our camp. It would be great if you could sit down with your camper to discuss the following questions. Your feedback is also invaluable when it comes to submitting funding proposals which allow us to offer low or no cost programming.

The main objective of our camp program is to use fun, hands-on activities to get campers to think about Indigenous science outside of the classroom. Please answer the following questions about how we did in achieving this goal:
