

## Licensing Allplan 3D dimensioning

- 1. Download the setup from our homepage <a href="https://www.cds-sieber.ch/bemassung">www.cds-sieber.ch/bemassung</a>
- Install the addon 3D dimensioning on your computer.
  (The setup will automatically detect the installed version Allplan 2013 2017)
- 3. Start Allplan
- 4. Switch to the addon modules
- 5. Select the license management of 3D dimensioning

Send us your registration ID by e -mail to info@cds-sieber.ch

- 7. You receive your activation code by e-mail within the next 2-3 days.
- 8. Copy the activation code in the license management and confirm with OK.

## **FAQ** Installation without setup

The setup automatically copies all files to the program directory of Allplan.

1. With the installation of the following data into the PRG directory of Allplan be copied. (example C:\Program Files\Allplan\2016\Prg)

SpatialDim.dll	SpatialDim_DEU.dll	SpatialDim_ENG.dll
SpatialDim_FRA.dll	SpatialDim_GRC.dll	SpatialDim_HOL.dll
SpatialDim_HRV.dll	SpatialDim_ITA.dll	SpatialDim_RUM.dll
SpatialDim_SPA.dll	SpatialDim_SVN.dll	SpatialDimWpfDlg.dl

- The following data is copied to the plugins directory. (example C:\Program Files\Allplan\2016\Prg\Plugins)
  - SpatialDimPlugin.dll
  - SpatialDimPlugin.npd
  - SpatialDimPlugin\_res.dll
- 3. If the setup does not install, the files can be copied manually. Find the DLL files in the data directory.

4. Must be permitted to continue with all the files individually access copy at manual afterwards. You can find this security setting in the file properties.
