

Over the last 10 years, Trey Webb and Scott McGuire have been bringing the Central Texas Fly Fishing family together with the annual Austin Fly Fishing Film Tour! Our passion and pursuit on the water, along with spending time with our fishy friends, is stronger than ever.

While our vision remains constant – we are ramping up the party – we are excited to announce our new name AND 1st annual event to keep the momentum going!

The Austin Fly Anglers 1st Annual Flies and Flames Expo will be held Sunday, May 19th at Star Hill Ranch. We will marry the central Texas fly fishing community with great local BBQ, top of the line booth and product displays, fly tying, casting and cooking classes, food sampling, some local music and plenty of Twisted X Beer. This is a family friendly event!

Consider this YOUR invitation to become a partner in our exciting new adventure!
