Was the TA knowledgeable about the subject matter of the course?

This is a very bright teacher and certainly understands his subject matter.

Was the TA able to effectively explain the course material to you?

No, his English language capabilities are unfortunately subpar and the material he is forced to teach is useless.

Was the TA fair in grading exams, papers, etc.?

Yes.

Was the TA approachable outside of class? Did he/she keep regular office hours and respond to your questions cordially and professionally?

I never needed to see him outside class.

If there was a recitation section do you feel that it was valuable to you? In what way?

This recitation is wholly and totally useless. Its material is barely related to core course and is a waste of time seeing as how the class's performance indicates a need to review core material during recitation.

He was really clear in everything he was saying. He was repeating all the complex details many times so that we could fully understand.

Overall I found it useful

Going through various probability games in class helped me understand their workings. Going through them a bit slower would be helpful.

He encouraged us to participate and speak.

super responsible. easy to understand. very efficient. nice personality. gives clear feedback

Sukwon was very to the point and effective during recitations, he explained materials quickly and succinctly in a way everyone could understand

He was always willing to provide time to meet up.

Knowledge on the subject and willingness to be patient with students was highly appreciated.

TA Lee is very knowledgeable on the subject and does help most of the time with questions brought up in recitation. However I feel his recitation would improve if he spent more time going over homework/tests and being more clear when he asks us questions in recitation.

It was a good review of the topics discussed in lecture. It felt a bit repetitive if you listened in lecture and did the reading it was like hearing the information all over again, so I would suggest perhaps offering a new perspective in recitation or more interactive activities.

He encouraged students to participate in discussions and questions.

Sukwon is genuinely a great TA. Sometimes he could get a little confusing, specifically when explaining the midterm curve, but he always made sure to go back and explain so everyone could understand. He was always open to questions and tried to make recitation enjoyable by cracking a few jokes here and there. He was also very responsive to emails, whether it be personal, about the homework, or just a quick question about a topic covered in class. 10/10 Sukwon was amazing, I really enjoyed having him as a recitation instructor.

He is super kind a flexible towards us and always does his best to help us understand all the materials. He is very genuine and you can tell he cares about the success of his students.

the powerpoints are concise and clear, easy to memorize. Good!

Sukwon is definitely very caring, and helped clear up any confusion we had about topics.

Sukwon was awesome and very accessible. I would've failed the course without him.

Always available.

Sukwon Lee was always ready and eager to help students, nothing bad to say about him. Great :

Sukwon was very responsive and helped with any questions that I had in a timely manner and clarified any trouble

I was having in the course.

The best thing was the detailed review of homework and the use of practice problems.

I would suggest allotting for more time to go over the practice problems in the recitation class.

He cares for his students. The best TA

I am thankful to my recitation teacher to somehow be able to help me with understanding the material.

Although sometimes he was hard to understand, I was able to somewhat understand what we were learning.

He encouraged us to teach one another the concepts and I found that to be very effective.

Additionally, he gave out many sample problems that a lot of other TAs did not hand out: they helped me a lot for exams and the material. I think he just needs to be a bit more engaging in his teaching style, as it's somewhat condescending at times.

But, all-in-all, great recitation.

I love how accessible Professor Lee is and how much he cares.

One thing to improve on is more lecture and less questions

Extra work to fully grasp concepts

Mr. Lee was very helpful throughout the semester.

He used to explain the same thing like 5 times so that everyone could understand.
