

2017 Custom Global Logistics & Consolidation Services

YOUR SAFETY IS OUR BUSINESS

- 
- Our Associates TranspoTrade International is a full-service transport and logistics company, founded in 1980. Our primary goal is to generate value for customers through detailed and custom approaches to each project, ultimately reducing both cost and transit time. We aim to provide the highest level of customer service in the industry, and maintain a level of quality that ensures your cargo is delivered safely and on time. Our extensive experience in air and ocean freight, combined with our global coverage, provides an excellent foundation for the development of our Supply Chain Management solutions.
 - TranspoTrade's specialty is the custom handling of ocean and air cargo shipments, both consolidated and loose. Our expert team will tailor our services to meet any client requirement. Additionally, our facilities are equipped with several layers of security to ensure your cargo is secure - including your over-sized cargo, which is stored in a secured and locked area.
 - TranspoTrade sees itself as an attentive transport and logistics company that continues to generate value for its customers. In the process, contract logistics will become an increasingly important part of the corporate strategy.
 - This movement means that TranspoTrade will cater for the entire procurement and distribution systems of its customers.
 - Contract Logistics stands for a fully-integrated range of logistics services based on synchronized processes. If you require, we can include all the components you need:

- 
- **Transportation**
 - **Warehousing services**
 - **Complete inventory control systems**
 - **Pick and pack operations**
 - **Order processing**
 - **3PL services**
 - **Inventory management**
 - **Lead Logistics Provider services**
 - **Complete logistics IT solutions**

• Our experience of air freight and ocean freight, combined with the global coverage provides an excellent foundation from which to develop our Supply Chain Management solutions. You benefit from our experience in delivering effective solutions to the complex global supply chains of some of the world's biggest corporations. From every innovation, whether it involves a simple extension to our Air and Ocean Freight products, whether it means a development in warehousing. We specialize in the handling of ocean and air cargo shipments, both consolidated and loose. We also tailor our services to the needs and requirements of our clients.

LICENSING SERVICES

As you know security has become a very large concern worldwide. Everyday there are new products that are placed on the Export Controls list from the USA.

TranspoTrade International has United States Department of Commerce license capability. We can help your company obtain the required licenses for export of controlled items.
