introduction to windows 10 fall creators update

Windows 10 keeps getting better

The windows 10 fall creators update extends your creativity and productivity with immersive new realities, 3D storytelling, closer people connections and cross-device experiences. Updates roll out automatically when your PC is ready or you can download the update assistant.*

What's new in windows 10 version 1903 (windows 10 fall creators update)

Microsoft people

quick access to your people

now you can pin the people you communicate with most to the taskbar for convenient, one-click access through apps like mail and skype.

save steps with people – first sharing

sharing is as quick and easy as dragging and dropping a file directly onto the pinned contacts in your taskbar.

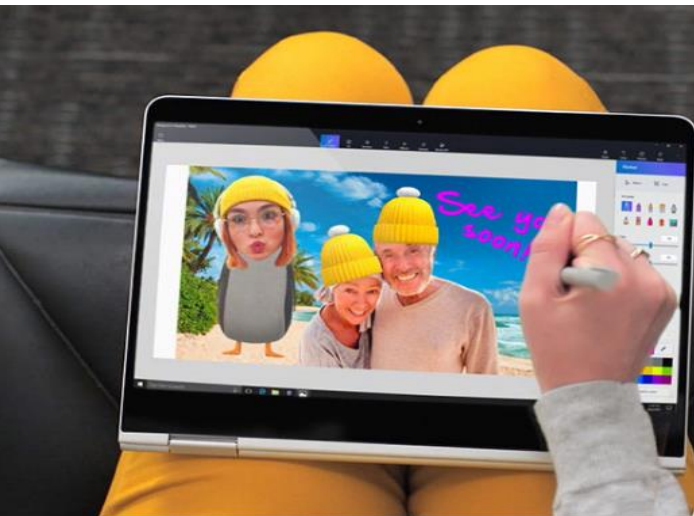

Connect instantly with emojis

When you pin your favourite Contacts, you can see emojis Appear and animate right from The taskbar.

View 3D creations in your world.

Anything you create in Paint 3D or pull From Remix 3D catalogue² can be seen In your actual surrounding. See, snap and Share using Mixed Reality viewer and the Camera on your PC.

It's story – tell it your way

The reimagined Photos app makes it Easy to tell your story in video with a Soundtrack, transitions, 3D effects and Windows Ink.¹ if you liked making videos With movie maker, you'll love this Powerful photos app.
