

September 15-21

2019

## Celebrate NPD Week!

We are thrilled to celebrate Nursing Professional Development Week with you! Join our department September 15-21 to celebrate your achievements, thank your colleagues, and teach others about nursing professional development.

We are proud of all the work you do to provide the highest level of quality professional development to the nursing profession. The work we do as NPD practitioners is critical to quality patient and organizational outcomes, and you are making a positive impact every day.

The Association for Nursing Professional Development (ANPD) has created an NPD Week Toolkit for you to use to celebrate. This toolkit includes fun resources such as:

- Facebook Frame
- Social Media Posts and Graphics
- Sample Email
- Email Signature
- Article Template

**Happy NPD Week!**
